Pharaoh's Scribe

The Newsletter of the Pharaoh Hound Club of America

**2018 PHCA National Specialty BOB:
CH JOMARA'S MYSTIC HEART OF GOLD.**

The PHARAOHS SCRIBE is the official newsletter of the Pharaoh Hound Club of America, Inc. and is published four (4) times a year on a quarterly basis. The opinions within are those of the writers and do not necessarily represent the views of the PHCA. This publication is available to members in good standing of the Pharaoh Hound Club of America only.

President's Message

Hello all:

Well, I'm a few days from flying off to Kentucky for the 2018 Pharaoh Hound Club of America National Specialty, and a looking forward to having some free time to explore parts of historic Lexington.

Our National numbers are fairly low this year, and I'm uncertain if that is due to decreasing litters, location, cost, or a combination of those factors. It would be so helpful if the membership would share with the Board of Directors those issues that either draw you to or keep you from attending a National. I have asked for input on several occasions only to be met with silence. I do not recall a single time where a member has emailed me with input in this regard. It is disheartening to have the amount of work put into these events and feel that there is little support. I hope that going forward you will consider giving input on future Specialties and Nationals.

I am looking forward, as I always do, to seeing a ring full of Pharaoh Hounds from kennels that I may not get to frequently see. It is always interesting to see young up-and-comers competing in the puppy classes, and nothing makes me happier than watching the veterans enjoying another run around the ring.

It will be an interesting experience for me in that I am not taking a dog with me to the National. It will be the first National I have attended since 2005 where I will not have a dog entered in some portion of the show.

We have some exciting announcements and new awards that will be announced after the 2018 National is in the books, so stayed tuned for that in the next Scribe.

Safe travels and I look forward to seeing many of you in Lexington.

Robert

Editor's Notes

Our Pharaoh Hound family is growing into a Pharaoh Hound Tribe. And once a year our tribe has a tribal reunion, a celebration of our Hounds it is called, The National.

This September issue of the SCRIBE contains the results from the PHCA National Specialty week in Lexington, Kentucky. Conformation, Rally, Obedience and Lure Coursing are all recorded in this newsletter. If there is something you want to share with the membership from the National Specialty week, it is not too late. Send it to the SCRIBE; pharaohscribe@comcast.net for publication in the December Newsletter. Thank you.

Darleen

Upcoming PHCA News:

PHCA: Specialty proposals needed for 2019

Due to challenges with getting strong entries at our premier event, the PHCA National Specialty, the Board approved on 8/29/2018 that starting in 2019, the PHCA National Specialty will be paired with either the Eastern or Western Specialties. The board will entertain proposals from either coast for 2019, but preference will be given to a western location given the location of the 2018 National Specialty in Kentucky.

We are now requesting proposals for the National, Western and Eastern Specialties

If you are interested in submitting a proposal, please contact me at andrea.schokker@gmail.com for further details on the proposal.

Thank you!
Andrea

We are getting closer to the end of the year -- **please don't forget to fill out your health survey (as required for PHCA members)** on <https://www.ofa.org/> or [click here](#) for the direct link to the health survey (click on Pharaoh Hound in the list and then the button for Answer Survey).

Jan Ault Breeder-Owner Handler Challenger Trophy

The first Breeder-Owner-Handler to be awarded an All-Breed Best in Show, was PHCA member, Jan Ault, with her Pharaoh Hound, BIS BISS Ch TiaRa Ne-Kabu Abu Simbel Ankh, “Simbel”

The “Jan Ault Breeder-Owner Handler Challenge Trophy”, is awarded yearly at the Pharaoh Hound Club of America’s National Specialty Awards Dinner. This award goes to the top Breeder/Owner/Handled Pharaoh Hound dog or bitch. And is offered by Bonnie Folz and Diane Conyers in honor and in memory of Jan Ault of NeKabu Pharaoh Hounds.

CONGRATULATIONS

Simon Tien Hansen

Winner of the Jan Ault Breeder-Owner Handler Award

The **SCRIBE** Staff looks forward to hearing from you.

PHCA LEGACY AWARD

The Inaugural PHCA Legacy Award, was awarded to Pam Haig at the PHCA National Banquet. This Award recognizes and honors Pam's years of contributions to our breed. Her dedication, knowledge and love for the breed has no limits.

Presented in recognition of her long-standing and tireless dedication to the Pharaoh Hound breed, and in honor of her unwavering commitment to the promotion, education, preservation and protection of the breed. In acknowledgment of her unparalleled rescue efforts, as well as her years of service to the club and its members, the Pharaoh Hound Club of America is proud to present the first ever PHCA LEGACY AWARD to

GREAT JOB AND BRAVO!

Thank you **Jan Swayze Curry**, for putting your heart
and soul into this year's National Specialty week.

Great Job 😊😊😊😊😊😊

AKC Delegate Report

Dominic Palleschi Carota

June 2018 Update:

Parent Club Committee

Legislation, Anne Bowes and Sheila Goffe: A lot is going on in Government Relations. Elections are coming up and a lot of state and federal legislators are running for re-election. Sheila urged all to get out there and introduce yourselves and meet with them. There is also a need to support the PAC. We want to build relationships. On the Federal level they are working on a measure with NAIA to limit imports into the United States – at least to the point that we know what is coming in, that they are being counted and that their health status is being checked. Unfortunately, that is not currently being done. In May USDA announced that they would not be going to third party inspections. They also provided some additional guidance on definitions of a breeder and exhibitor. Sheila was happy to say these do not impact those of us who are hobby breeders. She also reiterated the importance of our Legislative Liaisons. When we are trying to reach out on legislative issues they are the first people contacted. There was an incidence a couple of months ago when some very important alerts were sent out and they didn't get any response. They were surprised to learn that a lot of the Liaisons were not getting the alerts or were not opening them, so they are reaching out to the parent clubs to see who their Liaisons are or there needs to be a change. There are three Government Relations Conferences coming up. The first will be in Denver on July 14th and 15th and they have some fantastic speakers lined up. Federal Lobbyists will be attending and doing Media Training Sessions. Legislative Conferences are also planned for Sacramento, California this Fall as well as one in the Louisville or Lexington, Kentucky area.

Pet Disaster Trailer

The fund-raising effort was launched in September of 2013. How have we progressed since that time? Today we have received financial support from 393 AKC clubs with total donations of \$1,724,751.00. AKC Reunite has provided an additional \$450,000.00 making a total of \$2,174,851.00 which has yielded 68 trailers in 28 states. There are 6 more trailers in the pipeline and there are currently 18 clubs working on funding a trailer. It is incredible what we are doing to help protect dogs and the people who own them. Barbara Schwartz, who is from the Durango, Colorado area brought us up-to-date regarding the devastating fires in Colorado that have burned 17,000 acres since June 1st. They have closed the San Juan National Forest. In April, together with the Rio Grande Kennel Club and the Albuquerque Kennel Club they donated \$10,000.00 for a trailer for the four corners area. Barbara called Tom Sharpe yesterday morning explaining the situation to him. Within 30 seconds he gave them the amount of money they had to spend for supplies. Whatever is needed is what is being offered.

AKC Marketplace

Parent Club Rescue Placement on the AKC Marketplace-Efforts are being made to add a rescue button on Marketplace so Parent Clubs can direct the public to the correct contact for purebred rescues.

Herding, Earthdog and Coursing Committee-

BEST PRACTICES GUIDE TO AKC FAST CAT (FAST COURSING ABILITY TEST BY THE HERDING, EARTHDOG, AND LURE COURSING COMMITTEE OF THE AKC DELEGATE BODY

FAST CAT is a 100-yard distance Coursing Ability Test calculated in miles per hour, first offered as a titling event by the AKC in 2016. Since then, it has grown rapidly in popularity with dog lovers of all breeds, including mixed or “All-American” dogs. With this growth, the Herding, Earthdog, and Lure Coursing Committee (HEC) of the AKC Delegate Body (the governing body of the AKC) has collected from the participants and FAST CAT-offering clubs insights into what makes an enjoyable and safe event for all—exhibitors, dogs, and the hosting clubs.

SAFETY

Lure coursing events are fun for dog and owner alike, but as a prey driven activity which demands athletic exertion there is always a concern for the safety of the dog. All decisions made concerning the running of a FAST CAT event should always be based on what is safe for the dogs, participants, and spectators in accordance with AKC regulations in effect on the date of the event. The committee recommends a drag lure system; but either drag or continuous loop may be used.

The club shall have a veterinary clinic or a veterinarian on call whose name, address, and phone number shall appear in the premium list, along with directions to the clinic. Directions and this information should be posted in a prominent place at the test/trial site as well. As most such events are on a weekend, make sure that the veterinary clinics listed offer weekend hours.

Dogs may run without a collar or wear any type of collar except choker collars or electronic training collars. Collars should be snug. Hanging tags pose a safety concern and it is suggested that tags be secured to each other and the collar with tape. Dogs may run muzzled if desired. Clips or rubber bands may be used to keep long hair from falling across the dog’s field of vision.

The subcommittee conducted a survey of all interested parties to the CAT and FCAT. Their opinions were given to the full committee in the form of a handout. The survey asked a total of twenty-four (24) questions pertaining to all phases of the FCAT. Since all committee members have a copy, the questions and answers will not be reproduced here in the interest of time and conservation.

CLUBS

Adding CAT and FAST CAT events to a club’s offerings has been an excellent way to attract new people into the world of dog sports.

The HEC strongly encourages clubs interested in hosting FAST CAT to approach local lure coursing or sighthound racing clubs for expertise, especially in the area of lure operation and equipment. Existing AKC coursing clubs are encouraged to share their experience freely with clubs wishing to move into offering CAT and FAST CAT.

The best way to start growing interest in your area is to host “fun” run practice days. Such events also help to prepare your lure operator(s) and club members to run the official events safely and efficiently.

THE FAST CAT Committee

The FAST CAT Committee must be fully knowledgeable of FAST CAT regulations. The committee is responsible for the layout of the track to assure it abides by the FAST CAT regulations and more importantly is safe for all dogs – all sizes and all breeds. The committee should consist of a Secretary, Hunt master, a paddock master, an inspection team, a lure operator, timer(s) and a recording secretary. At least five members of the committee should be from the club offering the event.

The Comprehensive Premium list should include the following: • Whether flag start with stopwatches or Break Beam Timers will be used • If the club's setup will be a drag lure or a continuous loop lure • Description of how "Inspection" will be conducted at check-in • If the FAST CAT track and run-off is fully fenced • The length of the run-out area (see more about this under THE FIELD AND COURSE, below). • Canine Partner Forms in Premium List • Definitions of Misconduct in Premium List

To provide an orderly, novice-friendly, smooth-running event: • Roll Call and Start of Event should commence promptly at published time • Offer New Participant Orientation (this is normally called an "Owners/Handlers Meeting" and is held prior to the first runs of the Test).

• Competent Lure Operation & Working Timing Equipment/Timers in place • Flexible Roll Call/Run Schedule if Test is offered in conjunction with another event such as a dog show or CAT Test • A public-address system is highly recommended.

A critical member of the FAST CAT Committee is the Paddock Master. The Paddock Master shall ensure that as a FAST CAT entrant is being run, the next entrant is present close to the entry to the FAST CAT entry area, but not so close as to potentially distract the dog running prior to them either visually or by excessive barking/howling. A suitable catcher for each entrant must be in place in the finish area prior to the FAST CAT entrant being released at the start of its test.

THE FIELD AND COURSE

Items important to both the safety of each runner and the accuracy of recording the entrants' true speed include: • FAST CAT tracks should ideally be flat, close-mown, and as near to level as possible for the entire length of the 100-yard timed distance. A level track slopes neither start to finish, nor is higher in elevation on one side than the other. The track should be checked for ruts, holes, or any other hazard including in run-out/stopping area. • The track should be fully grassed or of soft sand/dirt. Gravel driveways or paved surfaces in whole or in part are not suitable. • Grass and string height. If a continuous loop system is used, a string just a few inches off the ground may be too high up the legs of shorter breeds such as a French Bulldog or Dachshund for example. Taller grass has a negative impact on speed, especially for smaller, shorter-legged breeds. • Plastic strip lures should be used, or squawker or other types of lure should not be of such size or construction as to be potentially able to register a time measurement with the break beam timers at the finish. • The track area should be enclosed and gated with temporary gates at both the release and the finish areas. Snow/construction fencing works well for this. Minimize opportunities for an uninterested dog to leave the start area and run to onlookers, parking, and paddock areas. • In no instance should the lure be run under any fencing or barrier prior to the retrieval of the dog at the end of the test. • A dog that has completed a run should be off the track before moving the lure. • The dog's front feet in the release area may be no further back than line 10 feet behind the first timing poles or the first stopwatch operator's location (the "start line"). Dogs may start with their front feet on this line or closer to the start line at the handler's discretion. • The stop distance (the "run out") should be a minimum of 30 yards and preferably closer to 50 yards. This allows for

the lure to be taken at consistent speed until the dog has passed the end timing poles (which is important for accuracy), then given enough distance for the lure operator to gradually slow the lure without the dog risking hitting the barrier at the end of the track. • If run-out area for the finish is limited, utilize shock-absorbing barriers at the end of the finish area that are sturdy enough to contain the dog if it wished to leave the track, but which have some give to avoid injuring a hard-finishing dog that might slide into them. If metal re-bars or harder fencing is chosen, cushion potential impact points with softer materials such as hay bales. • If the FAST CAT is held in conjunction with a CAT or another visually distracting event, there should be a visual barrier or screen between the start area and each FAST CAT dog's potential view of that ongoing event.

LURE OPERATION: The lure operator's skill is essential to ensuring an event where all dogs have the opportunity to safely complete their FAST CAT run and display their maximum speed possible on the day. Lure operators should keep the lure moving at a consistent pace and distance in front of each dog so that the dog does not react to any noticeable slowing down or temporary stoppage of the lure prior to the finish line.

The lure operator shall stop the lure and either cut the line or remove the line from the wheel immediately upon any indication that any part of a dog's body or haircoat has become caught or tangled in the lure line.

RECORDING SECRETARIES

A committee person serving in this capacity shall promptly record the time for each dog's FAST CAT run (if qualifying) and write the time and calculated speed with the name of dog on the scribe sheet and ribbon (if offered) and make this sheet promptly available to the owner of that dog. Qualifying run ribbons, new title ribbons and awards can be offered at the end of the event, as well as any special or breed-specific prizes if offered on that day.

OWNERS/HANDLERS

Some Pointers for the owners: • Fitness is fundamental. Dogs can become very stimulated by the sight of a moving lure and an unfit dog may push itself too hard for its overall conditioning level. Bring your dog trim, wellhydrated, with nails of acceptable length to the FAST CAT starting line. Owners of dogs which can have difficulty in extremely hot or cold conditions should use good judgment and not endanger their dogs by running in conditions for which it is not by age, coat type, or breed type well suited. • Understand the Regulations. If you are unclear on any point, ask during Handlers Meeting at the start of the event. • Be prompt to the line. For example, if exhibitors at a 60-dog event each take an extra minute to get to the line, the event runs an hour longer. • Make sure that your dog has relieved itself prior to running. • Volunteer to help. As FAST CAT, unlike CAT, requires both a releaser and a catcher, if you are by yourself, offer to help others with this in exchange for help with running your dog. It's a great way to make a new friend! • HAVE FUN!

Summer Coursing Statistics-

Lure Coursing is up 13%

FAST CAT is up 169%

CAT is down 4%

Chairman's Report, *By Ronald Menaker*

Thank you Dominic for always keeping the membership informed.

If you have any questions or concerns on the AKC information posted in any issue of the SCRIBE. Please contact our AKC Delegate, Dominic Palleschi Carota

June 2018 Chairman's Report and AKC TV

By Ronald Menaker

We dog fanciers know that there is nothing quite as wonderful and fulfilling as our Sport. We also know we are our own best advocate. Since we launched consumer-targeted initiatives like AKC Canine Good Citizen and AKC Family Dog many years ago, we have pursued a continuous campaign to share the joy of purebred dogs as broadly as possible. Our new digital channel, AKC.TV, is to date our most innovative and powerful effort to bring the world of AKC directly to the hearts, minds and even hands of the public.

With AKC.TV, the American Kennel Club is an early adopter of the new branding strategy of streaming content. As a sport-governing body, a publisher of popular web articles and magazines, and a producer of events with mass appeal, AKC is in a unique position to create and share a significant volume of videos. Over-the-top digital networks are the new way to broadcast one's own content over the web, with no television or cable subscription required. Today, anyone with a cell phone, computer or subscription streaming device like Roku or AppleTV can watch AKC programming, anywhere and anytime.

Our vision for this network is to build, cultivate and deepen connections between all dog lovers and AKC. Distributing original programming through a channel of our own will expand awareness of our mission and activities by presenting AKC to the public in the way people consume information today. The growing

reliance on mobile phones for information as well as the current consumer trend of “cutting the cord” of cable television mean that AKC can tell our story to a growing audience of new fans who are quickly taking to fully digital platforms.

Launched in April, AKC.TV now boasts hundreds of hours of programming and even a professionally produced, live weekly show hosted by sportscaster Sam Ryan. AKC Events play a central role in the lineup. New programs are being developed and produced on an ongoing basis. For example, a documentary series called “Meet the Breeds” takes an in-depth look at the history and development of our breeds. A lifestyle and living show, “Home is Where the Dog Is,” advises pet owners on the basics of dog care. The “I am a Breeder” series shines a loving light on our fanciers and our sport. We will bring the thrill of competition to the masses by streaming major events like the AKC National Championship presented by Royal Canin, the National Agility Championship, parent club specialties, and more. Whether they are show dogs, working dogs, family pets or canine heroes, all purebred dogs will have a home and a place to be celebrated in AKC.TV.

I invite you all to tune in and share your feedback. Tell your friends and fellow club members about this next great step for AKC. [AKC.TV](#) is *your* channel – for, by and about purebred dog lovers. We hope you enjoy what you see.

Financial Reports

The Pharaoh Hound Club of America

Treasurer's Report

Statement of Accounts: 2018 Mid-Year Account Balances as of 07/10/18:

Wells Fargo Business Checking:	\$18,250.37
Wells Fargo Business Market Rate Savings:	\$14,404.75
Wells Fargo Rescue Fund:	\$13,620.78

Total Accounts: \$46,275.90

We began 2018 with our accounts totaling \$43,113.87. As of 7/19/18, we increased our accounts by \$3,162.03. This is due to the completion of our membership renewals and the reconciliation of our Western and Eastern Specialties.

The Western netted a profit of nearly \$1,600, with very strong sponsorship and auction/raffle support. As an independent event, not tied to an all-breed cluster, expenses tend to be higher than the Eastern or the National which have been tied to all-breed clusters in the past. Learning from the past years' limited participant interest in merchandise or a lunch/banquets, the Western had limited additional revenue sources were limited. Regardless, the event was a success and was enjoyed by all.

The 2018 Eastern was able to take advantage of strong donations while minimizing expenses. Julie Gwin utilized committee member donations for many of the beautiful prizes for the events. Thank you to all who donated their time, money and items. The event was also supported by a successful banquet, along with strong raffle and merchandise sales. The Eastern netted approximately \$2,800. As with the Western, the event was enjoyed by all.

The 2018 PHCA National Specialty, led by event Chair Jan Swayze-Curry, has over \$4,000 in sponsorships and advance sales of banquet and merchandise. Support for the event has been strong and the National Committee is looking forward to a successful and fun event at the Marriot Griffin Gate and Kentucky Horse Park facilities.

AKC National Championship: Medallions and our PHCA 'Meet the Breeds' booth have been ordered for the 2018 AKC National Championship in Orlando. Medallions for conformation, obedience and agility have been reserved.

PayPal and Square Inc Accounts: Payments for events, sponsorships, merchandise and the banquet may all be made via PayPal for this year's National Specialty. We will also have access to 'Point of Sale' payments at the National through Square Inc. The Square 'contactless and chip' reader will accept Apple Pay as well as EMV chip credit cards. We will also have a magstripe reader for cards that do not have chips. Fees for transactions through Square are similar to those by PayPal. The Square devices will greatly improve payments and accounting for our auctions and raffles at our specialties.

Report respectfully submitted by: Mary G. Severino, PHCA Treasurer

The Annual Health Survey is on the OFA Website. Please take the time to reply, even if there are NO changes. Every Member at some point, each and every calendar year should check in to the OFA site.

PHCA Motto

"...a great responsibility...to keep faith with 5,000 years of true breeding...they must shun man's natural tendency to 'improve' which so often in dog breeding terms means to alter out of all recognition"
